

COUNTY CLIMATE CHANGE FUNDS INVENTORY OF ACHIEVEMENT: **NAME OF
COUNTY**

Acknowledgment

This section enables you to thank all those who have helped in carrying out the research/providing information in the finalisation of the document. Careful thought needs to be given concerning those whose help should be acknowledged and in what order. The general advice is to express your appreciation in a concise manner and to avoid strong emotive language.

Summary

The summary provides a brief overview of the inventory. The purpose is to give the readers an immediate understanding of the inventory without having to read it all. Key information to consider includes; - the total cost of funding the investments, the number of people benefiting from the investment and the general benefits that community members are accruing from the investments.

County Map showing investments (wards) – Have a consultant/ somebody with knowledge on mapping do a map of the county highlighting wards with investments.

Project Summary (Use the information below to create a page for all the investments)
